

PROFIBUS PA in Process Applications Seminar

"Just got back home. This has been the first PROFIBUS event I have been on post Andy Verwer's training. The best industry seminar I have ever been on with respect to presentations and knowledge base and networking." - Christopher Howard, Yorkshire Water Services, ICA Projects Operations Manager

Other comments from delegates, collected from the Anonymous Survey forms handed in at the end of the day:

"Very good and interesting demonstrations"

"Very professional & informative"

"Very useful"

"Good overview, succeeded in letting me know how little I knew about this system"

"A lot covered in a short time & covered very well. Informative & generated interest to learn more"

"Early presentations giving overview & hardware very useful"

"Very good, very worth while. I look forward to the next one!"

"Very good event with a good mix of different manufacturers"

"Good. I am a novice regarding PROFIBUS but I found the day to be informative and well presented. "

"I gained a lot from the day. A very credible effort by those involved in putting the day together"

"Very good. Just the right level"

"Excellent and Informative"

"Various vendors linked very well"

"Most informative day – thank you! "

"Very good. No sales pitch which I found excellent. A good mix of manufacturers."

"Very good. Feel confident in moving forward with PROFIBUS PA"

"Tell me more!"
