

## Interop 1/2. October 2019

In Bad Soden (Germany) close to airport Frankfurt

H+ Hotel  
Königsteiner Straße 88  
65812 Bad Soden, DE

The workshop is an open platform for testing your devices, masters or tools versus any other products available within this workshop by your own schedule.

Additional to the workshop three expert groups will be possible for discussions about any special topics e.g. "test systems", "profiles and system integration" or "datastorage".

For participation please register [here](#).

### Agenda:

#### 01. Oct. (Day 1)

9:00 – 10:00 – coming together and preparation

10:00 – 17: 00 testing interoperability & fieldbus integration  
(with breaks for coffee and lunch)

#### 2. Oct. (Day 2)

9:00 – 16:00 testing interoperability & fieldbus integration  
(with breaks for coffee and lunch)

## **Additional information for participants:**

### **Participation fee:**

A participation fee of 180 € will be raised. This fee covers food/drinks for the two days and a joint dinner in the evening.

### **Powersupply:**

Please bring with you power supplies and adapters for German 230V power rails.

### **Photos:**

There will be no restrictions for taking photos.

### **Participants:**

A list with all participants will be available in the meeting room.

### **Accommodation:**

Accommodation is not included. For your convenience we recommend to book a hotel room direct at the hotel in Bad Soden. Accommodation is not included in the participation fee. We have reserved a contingent of 60 rooms with a special rate of 89 € incl. breakfast.

Please use the booking code "IO-Link". In order to benefit of the reduced rate please make out your reservation before September 03, 2019.
